

KINZE and John Deere Planters

Insecticide / Herbicide Unit

- | | | |
|----|-----------|----------------------|
| 1 | GA4444 | Lid |
| 2 | G1K213 | Idler Assembly |
| 2a | GD11962 | Idler Block |
| 2b | GD11219 | Idler Spring |
| 3 | GD1058 | Hopper |
| 4 | G3303-114 | Roller Chain |
| 4a | G3303-110 | Roller Chain, JD |
| 5 | GD7258 | Hex Bushing |
| 6 | GB0115 | Bearing |
| 7 | GB0116 | Granular Housing |
| 8 | GD7148 | Feed Roller Hex Brg. |
| 8a | GA2029 | Roller Round Bore |
| 9 | GA5553 | Meter Assembly |

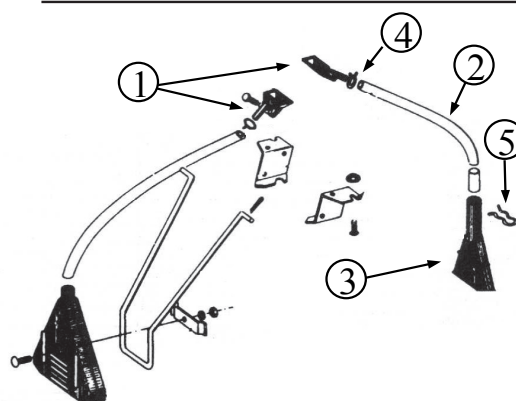

700-01049 Complete Insecticide Attachment Kit

Service Notes

- Check nylon bushing for wear. Worn bushings will cause insecticide to leak around the shaft.

Insecticide/Herbicide Drop Tubing

- | | | |
|---|--------|--------------------|
| 1 | GD2423 | Funnel |
| 2 | GD2947 | Hose, 7/8" x 28" |
| 3 | GA6907 | 7" Band applicator |
| 4 | G10680 | Clamp |
| 5 | GD1090 | Spring Clip |

Service Notes

- KINZE replaced the rubber style band applicator with the improved applicator that compensates for slopes.
